PRINCESS 52

Her resin-infused deep-V hull presents you with a truly breathtaking experience. When the moment comes she will intuitively and precisely cut through the waves, lock-to-lock without concern. And when at rest, her welcoming flybridge will draw you in with a large wetbar, optional barbecue and social seating surrounding a large teak table – just the thing for memorable evenings under the stars.

Avec sa coque en V profond injectée de résine, il vous permet de vivre des sensations à couper le souffle. Le moment venu, il fendra les vagues avec intuition et précision et pourra braquer à fond sans problème. Au repos, son flybridge accueillant va vous séduire, avec son grand bar avec évier, un barbecue en option et un coin salon agréable disposé autour d'une grande table en teck : juste ce qu'il faut pour passer des soirées inoubliables à la belle étoile.

Mit ihrem harzinfusierten, tiefen V-Schiffsrumpf bietet Ihnen die Princess 52 eine echt atemberaubende Erfahrung. Sie schneidet auf See intuitiv und präzise durch die Wellen, und das Steuer lässt sich problemlos von einem Anschlag zum anderen Anschlag bewegen. Wenn die Princess 52 in vertäuter Position ist, werden Sie von der einladenden Flybridge mit ihrer großen Bar, dem optionalen BBQ und den gemütlichen Sitzen um einen großen Tisch aus Teakholz zum verweilen aufgefordert – genau das Richtige für Abende unter den Sternen, an die Sie sich später gerne erinnern.

Grazie alla carena a V profonda con infusione di resina, il Princess 52 offre un'esperienza davvero mozzafiato. Quando sarà il momento, taglierà le onde in maniera intuitiva e accurata da tutto a dritta a tutto a sinistra senza alcuna preoccupazione. A riposo, il suo flybridge così accogliente attira grazie al grande mobile bar, al barbecue opzionale e a sedute fatte apposta per socializzare che circondano un grande tavolo in teak, l'ideale per serate indimenticabili sotto le stelle.

С её глубоким V-образным корпусом, созданным по технологии вакуумной инфузии, — Princess 52 подарит Вам захватывающие дух ощущения. Идеально послушная и стопроцентно точная, она режет волну как нож масло, выполняя самые сложные фигуры. Когда наступит время для спокойного отдыха вечером, её уютный флайбридж предложит Вам полноценный ветбар, место для барбекю (по желанию владельца) и удобные мягкие диваны вокруг большого тикового стола — то, что нужно для незабываемых вечеров под звёздным небом.

Her aft-galley layout is a wonderfully social feature servicing both the cockpit and the main deck dining area with ease. The forward saloon provides panoramic views whilst below deck the master cabin enjoys frameless hull windows. And for added flexibility, the starboard twin berths can be specified to slide together to create a cossetting double.

Sa cuisine sur l'arrière est un espace extrêmement convivial qui dessert aussi bien le cockpit que le coin repas. Le salon sur l'avant offre des vues panoramiques alors que sur le pont inférieur, la cabine principale comporte des hublots sans cadre. Et pour encore plus de flexibilité, les deux couchettes à tribord peuvent être munies en option d'un dispositif permettant de les faire coulisser et de les transformer en grand lit douillet.

Die Achterschiff-Kombüse ist sehr gemütlich konzipiert und kann sowohl vom Cockpit als auch von der Kombüse aus leicht erreicht werden. Vom Salon im vorderen Schiffsteil haben Sie einen wunderschönen Panorama-Blick, während die Master-Kabine im Unterdeck rahmenlose Fenster mit Bullaugen hat. Für zusätzliche Flexibilität können die beiden Steuerbord-Einzelkojen der Gästekabine zu einer gemütlichen Doppelkoje zusammengeschoben werden.

La cucina si trova a poppa per servire agevolmente sia l'area cucina che il pozzetto, diventando così un meraviglioso spazio per socializzare. Il salone a prua è panoramico, mentre la cabina armatoriale sottocoperta ha finestre senza cornice. Per disporre di ancora più flessibilità, i letti singoli lato destro possono essere dotati di una funzione optional su richiesta: si uniscono creando un accogliente letto matrimoniale.

Расположение камбуза в кормовой части салона обеспечивает максимальное удобство в его использовании и для кокпита, и для салона. На нижней палубе расположена мастер-каюта с двуспальной кроватью и диваном, в ней по обоим бортам расположены большие панорамные окна с открываемыми иллюминаторами. Для Ваших гостей предусмотрены две роскошные просторные каюты с ванной комнатой.
